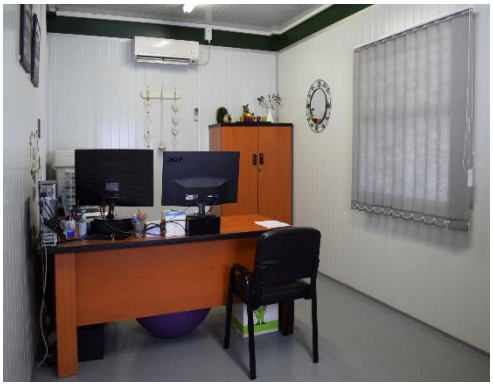
Office Containers

Absolute Containers can assist you in **purchasing** or **renting** an office container to suit your mobile office needs. Our standard office containers are **available in 6m and 12m sizes.** Making use of containerised office space offers a cost-efficient and quick to construct building alternative that limits day to day business interruptions that allows you to continue working normally. In more recent years there has been an increased need for affordable, high-quality office space that ultimately resulted in the revolution of office containers as we know it today.



Office container additional amenities include:

- Insulated offices.
- Air-conditioning.
- Great lighting.
- Windows for natural lighting.
- Power plugs.
- Plain for storage of documents & files.
- Security features.

Note: Additional items can be added at an extra cost to meet your requirements.

At Absolute Containers we offer budget-conscious, well-designed, and comfortable office containers that are perfectly **suited to a variety of circumstances and industries**. Moreover, our office units are intended to meet both **temporary** and **permanent** site placement demands.
